

ROSMECH[®]

Has your team of Operators or Workshop changed?

Do your Operators or Workshop Personnel need refresher training in operation or maintenance applications?

We can help!

Book your training requirements today with one of our qualified trainers.

Training can be undertaken 'on-site' using your machines

We specialise in Scarab & Azura Sweepers,
Dyna Combi Jet/Vacuum Units & Ghibli's range of
high pressure equipment

Successful Operators will receive a Certified Certificate of Completion

The benefits for you is a team of operators & workshop personnel with a better understanding of the equipment they are using; improved productivity & reduced maintenance costs.
